Le Vignoble Wine List

Our wines by the glass change every couple of weeks, and we often alter our overall list depending on the season and the availability of new wines. We do update our wine list as often as possible, but due to the nature of the business sometimes vintages, prices and availability may change without prior notice.

Below are retail prices; we charge an additional £8 per 75cl to drink on the premises.

Many of our wines are from vineyards that have been certified organic or biodynamic with the Soil Association or Demeter International. Furthermore, many of our wines are made without any animal derived finings thus making them suitable for vegans and those with allergies. If this is something that you would like to know when considering your selection then please get in touch and we will be happy to assist you.

We offer a national delivery service for our wines. This costs an additional £10 for mainland UK orders of cases of six bottles. Additionally, there is a discount offer of 10% off when purchasing six or more bottles in one order.

We specialize in wines and have a selection from all over the world. However, we also cater for other tastes with our new locally produced beers. These are carefully selected to reflect a range of styles from several different breweries.

If you are looking to send a gift to someone special then please contact us. We can send a parcel of goodies to them or a gift voucher so that they can choose for themselves.
